

Impact Report FY 2025/26

A young boy with dark skin and short hair is shown from the chest up, leaning forward and smiling widely while planting a small green seedling into the soil. He is wearing a dark-colored shirt with a white floral pattern. The background is a soft-focus outdoor setting with green foliage and warm sunlight filtering through, creating a bokeh effect. The text "Gratitude in Action" is overlaid on the right side of the image.

Gratitude in Action

Dear Fellow P&G Alums and Friends,

In a world marked by rapid change and complex global challenges, our ability to focus on where we can make a meaningful difference has never been more vital. At P&G, we were reminded to channel energy into our “circles of influence”– where our actions and shared values drive tangible results. As Alumni, we already belong to an amazing Network, with a Foundation that provides a unique opportunity to leverage this circle of talent and scale to continue improving lives.

Thanks to the strong support of our 800+ donors, volunteers and Grant Champions, we’ve awarded \$2.6 million in total grants across 47 countries, including a record \$330,000 this year alone! With all grants going to organizations where P&G alums are actively involved, we multiply impact and ensure outcomes that change lives. In this report, we share many smiles of our grant beneficiaries and the ways our grants are helping marginalized people onto economic paths to prosperity.

Grateful for the skills learned and friends made at P&G, we enjoy collaborating with fellow alums in fun fundraising and global grant-making – **gratitude in action** at its best! We look forward to seeing you at the 2027 Global P&G Alumni Conference in Cincinnati (April 29 - May 1) and future fun fundraising events in Florida, New York, Frankfurt, Rome, San Francisco, Shanghai and other cities tba!

We invite you to learn more about our impact and to add the P&G Alumni Foundation to the organizations you support.

P&G ALUMNI
FOUNDATION

Every grant begins with a P&G Alum who partners with an organization changing lives. Each Grant Champion brings the rigor of their P&G career, hands-on.

This is Gratitude in Action: good fortune becomes contributions, and contributions become real outcomes. Through Board leadership or weekly volunteering, alumni choose to give back, again and again.

Join us in celebrating this year's Grant Champions. Collectively powerful, they keep the cycle of giving moving forward.

SPOTLIGHTING GRANTS

Freedom Through Purpose: The Aruna Project, India

MADDIE BELL
The Aruna Project

Forced into marriage at 13 and trafficked into a Mumbai brothel, Saachi rebuilt her life after Aruna's Outreach Team found her. Through trauma counseling, housing, and training, she now works full-time at Aruna, earning a salary and benefits while making premium athleisure goods.

Maddie Bell, P&G Alumni Grant Champion and Aruna board member, notes, "No one else has the comprehensive, connected, and long-term strategies that Aruna has developed."

Our \$25,000 grant expands Aruna's Apprenticeship Program, funding a larger training center and new equipment. This project will train at least 165 women and hire 25 into their Freedom Business, proving that dignity and a paycheck can rebuild lives.

The Aruna Project is the recipient of the first Francie Garber Pepper Grant for Women's Empowerment announced October 2025.

Circles NWA

Building a Circle of Support : Circles NWA, Arkansas, USA

For a long time, Sarah felt stuck due to Medicaid setbacks and inconsistent support. Everything changed when she joined Circles NWA and was matched with volunteers Gwynne and Sally, who helped her build confidence. "Together, we have shared experiences, learned new skills, and encouraged one another," Sarah says.

Today, she has a job that fits her life, is paying down debt, and has made her house a true home.

P&G Alumni Grant Champion and Circles NWA board member Sarah "Sally" Schoen calls Circles NWA "exactly the type of organization I sought to support in retirement because it is set up for success and making a major impact."

Our \$25,000 grant launches Cohort 5 of Circles NWA, matching 12 new Circle Leaders with 30 Volunteer Allies for an 18-month journey of coaching, financial literacy, and career development. Notably, 88% of past Circle Leaders increased their income and doubled their social capital.

FOUNDATION CONTRIBUTIONS & IMPACT

Since inception:

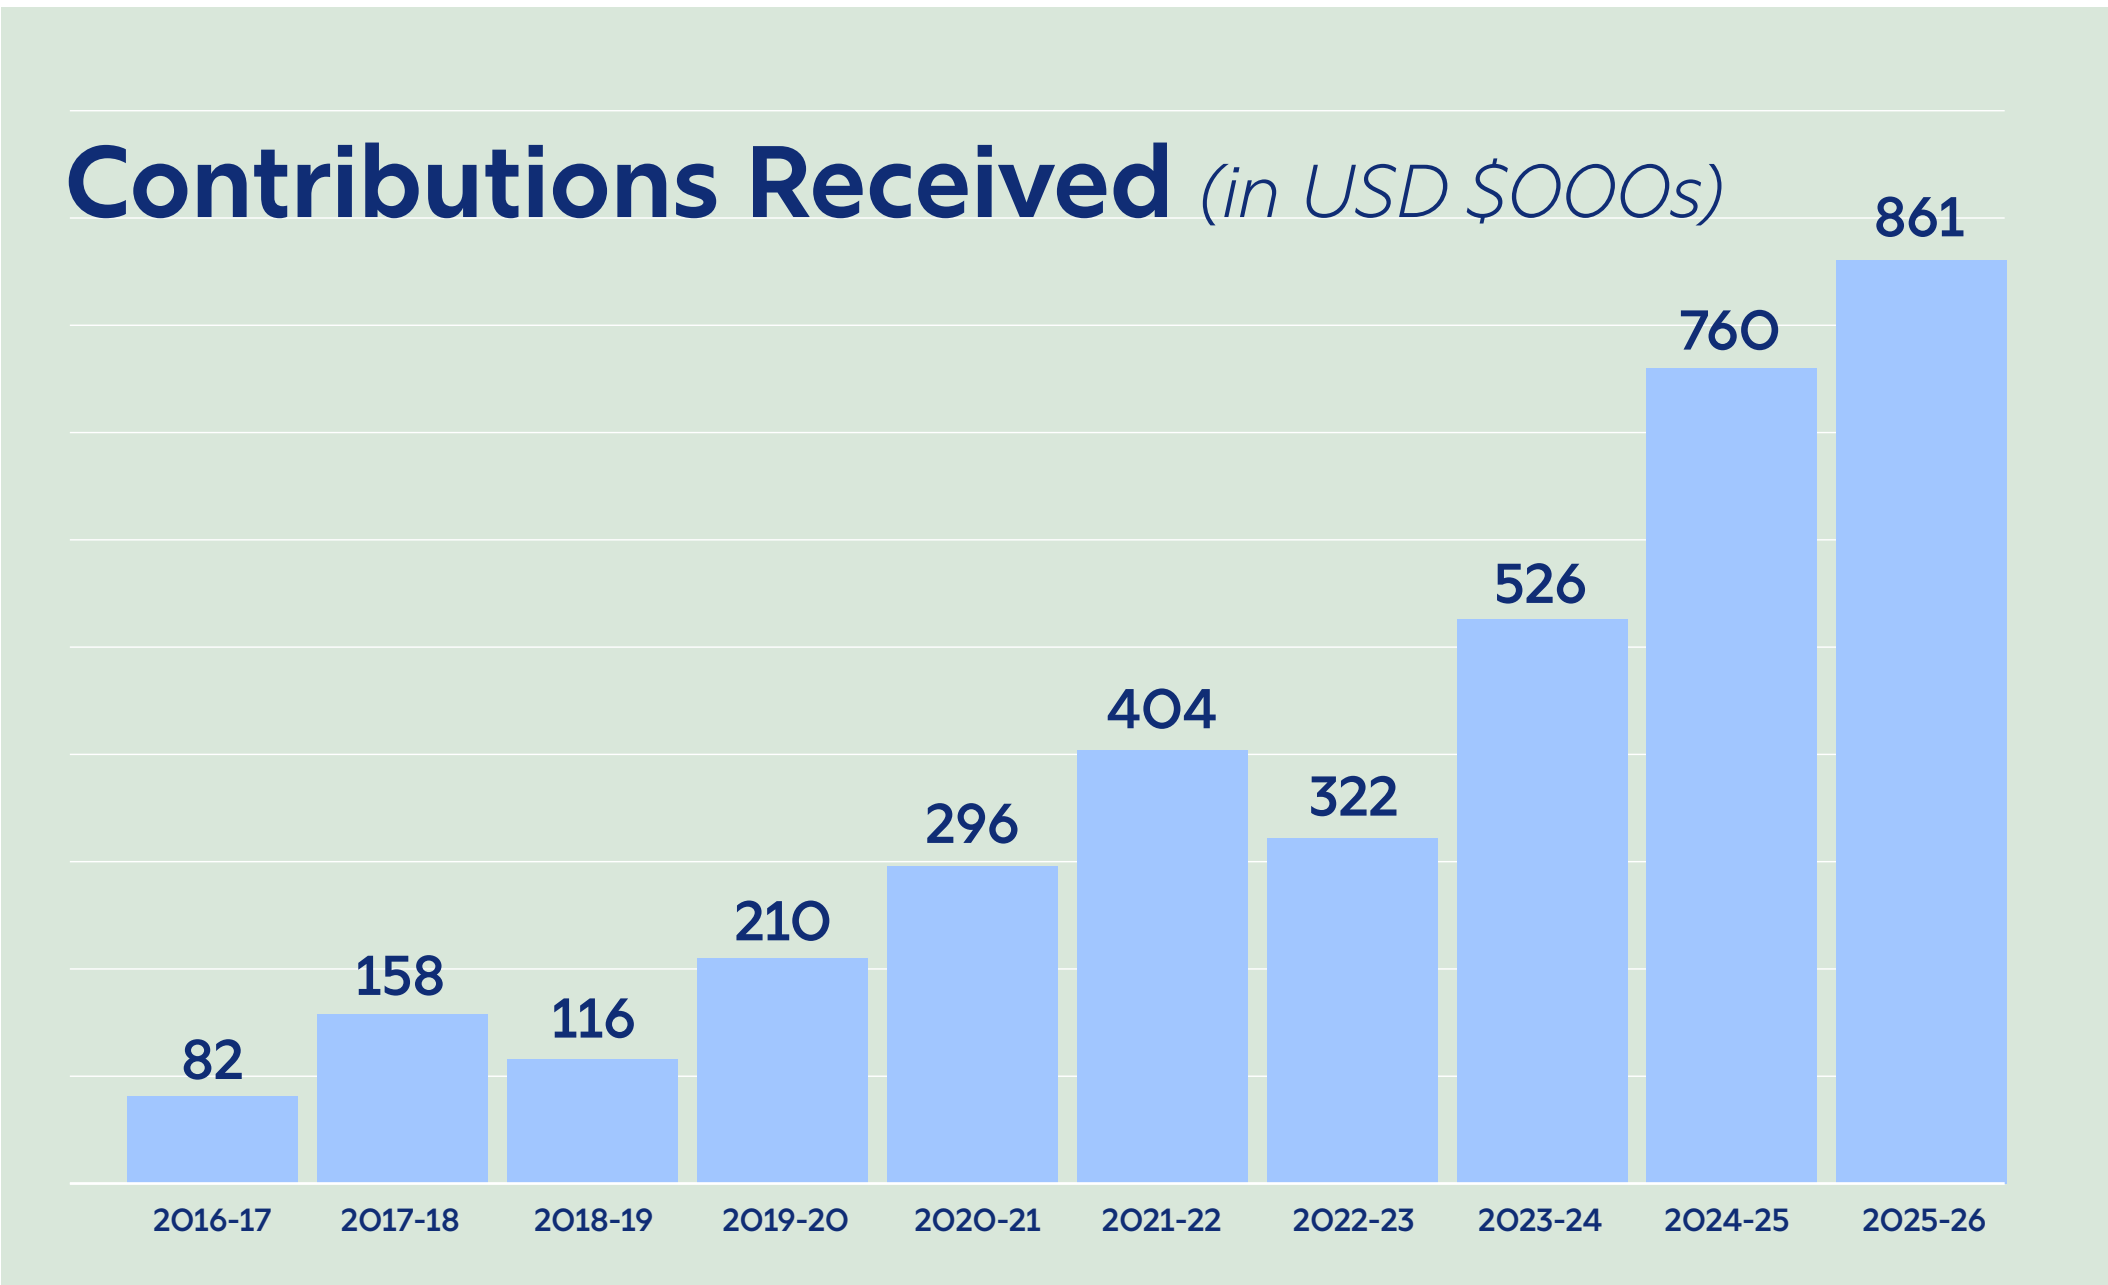

- Nearly \$2.6 million awarded in grants.
- Nearly \$5.3 million raised (gifts + multi-year commitments).

In addition:

- A contribution from the Foundation serves as a credential for further fundraising by grant recipients.
- 100% of our Foundation and Network Board members and 100% of the Women’s Leadership Forum Board members financially support the Foundation.
- Across the last eight years, 87% of Foundation expenses were spent on grants and program expenses to further our economic empowerment mission.

Impact of Grants 2016-2025*	
Jobs & Employment	23,000
Businesses Started	9,700
Individuals Trained	31,000
# of Family & Community Members Benefiting	267,000
*Nine years of actuals plus one year of estimated impact	

Unlike traditional foundations, the P&G Alumni Foundation has historically had not an endowment to fund our activities, so we rely on annual contributions to carry out our mission. We are excited to share that we were able to establish a long-term fund at the end of 2025, and plan to make additional deposits annually. Our long-term fund is held at The Greater Cincinnati Foundation (GCF) together with our donor-advised fund established in 2016. The impact and financial data presented above combines the Foundation information along with that of the donor-advised fund within GCF.

Although we have come a long way; **there is still much to be done**. For every grant we make, 5 are waiting for funding – that’s 10,000 people not trained and 2,000 new businesses not started this year alone.

MULTIPLYING RESULTS

P&G alumni belong to a network that gives back. Philanthropy is a major focus of the P&G Alumni Network through the dedicated mission of the P&G Alumni Foundation. With gratitude for our community and skills learned at P&G, we give back to improve lives for people in need throughout the world.

The Multiplier Effect. Grants Create Nearly 4x Leverage.

The Foundation’s grantmaking has helped alumni-led organizations unlock additional funds and leverage far beyond their original grants. **For every \$1 granted, our grant award winners raised another four times this amount.**

Cumulative totals across the 2022-24 grant cycles. Leveraged-funding figures are grantee-reported (unaudited) as cited in each year’s Final Grant Report Summaries.
